

## **What is Allowed on an Electric Pole?**

New Enterprise Rural Electric Co-op's electric equipment, cable TV or telephone wires are the only items allowed on an electric pole.

Below are some examples of things that SHOULD NOT be on an electric pole:

- Satellite dishes
- Birdhouses, flower boxes or basketball hoops
- Deer stands
- 911 address signs
- Signs
- Nails, staples or tacks

The above are just a few examples of things that we have seen on poles. Should these items be found on a pole, they will be removed. The cost of removing the items will be charged to the member responsible.
